Dear Mayor UHRC,

I need this addressed as much as possible by CARE until the CARE+ cleanup is performed. I am getting daily calls and walk ins with concerned neighbors documenting multiple recurring violations of LAMC 56.11. I will continue to put this on the daily schedule for this week.

Also, I am including LAPD to ensure support can be coordinated for future efforts to address this location. As I believe this is an all hands on deck type of issue with many residents having very real and valid health and sanitation concerns.

Thank you.

Best,
Tristen

Mike and Tristen

This was after the sanitation clean up. It's like it never happened. This is on Rose Ave between Lincoln and Walgrove in a residential part of Venice. This is where multiple small children live. It's unacceptable. Please send Sanitation again because they obviously did not do their job and this community is getting less and less patient.

You really need to have the SLO present when these clean ups happen.

Pia Altavilla
